

POLITECNICO
MILANO 1863

SEMINAR ANNOUNCEMENT

Room B0.3 – Politecnico di Milano, Lecco Campus
June 20th 2017, from 09:30

**DAM SAFETY: THE CONTRIBUTION OF ITCOLD (Italian Committee on
Large Dams)**

SCHEDULE OF THE DAY

Ing. Guido Mazzà

Overview on the ICOLD/ItCOLD activities

Ing. Rosella Caruana

Effects induced by earthquakes on dams

Ing. Giorgia Faggiani

Comparison between numerical results and experimental measurements

Ing. Riccardo Previtali

The experiences of the ICOLD Young Engineers Forum

Reference: **Prof. Gabriella Bolzon** (gabriella.bolzon@polimi.it)

Guido Mazza (M.Sc. in Civil Engineering – Politecnico di Milano) has been working as Service Manager at RSE (Ricerca sul Sistema Energetico SpA) since 2006 and is currently vice president of the ITCOLD association (Comitato Italiano Grandi Dighe).

Rosella Caruana (M.Sc. in Civil Engineering – Università Roma La Sapienza) currently works as Head Engineer at ENEL (Rome); in addition, she is member of the ITCOLD association (Comitato Italiano Grandi Dighe).

Giorgia Faggiani (M.Sc. in Civil Engineering – Politecnico di Milano) has been working as researcher at RSE (Ricerca sul Sistema Energetico SpA) since 2003.

Riccardo Previtali (M.Sc. in Civil Engineering – Politecnico di Milano) works as civil engineer at ISMES, where he focuses on the seismic assessment of dams.
