

ARCHILECTURE PRESENTS

# JESÚS DONAIRE

Discussant: Maria Francesca Di Gennaro (DABC)

## La casa mediterranea

Jesús Donaire is an architect, curator and professor of architecture. His studio is dedicated to develop projects of architecture as well as ephemeral and curatorial design. The lecture will briefly introduce the work developed at the studio and will focus in four house projects. It will be an opportunity to review the values of the Mediterranean house, mainly built during the last century in Italy and Spain.
