ENERGY FOR MOTION SEMINAR 2020

Thursday, **November 12th 2020**

15.30-18.30

Department of Energy
Politecnico di Milano

EVENTO ONLINE
Registration form: [LINK](#)

Energy transition and mobility at the 2020 turning point

How the events of 2020 are affecting the market? Will the 2020 shock facilitate or complicate the energy transition? The vision of our Industrial Advisors

Aleksey Yezerets

Director of Advanced Chemical Systems
& Integration Team, Cummins Inc.

Paolo Pollesel

Vice President Research & Technological
Innovation. Renewable Energy &
Environmental R&D, Eni spa

Francesco Venturini

Head of Enel X

The vision of our Academic Advisors

Andreas Züttel

Professor of Physical Chemistry.
Director of the Laboratory of Materials for
Renewable Energy, École Polytechnique
Fédérale de Lausanne

Stefano Passerini

Professor at the Karlsruhe Institute of
Technology. Director of the Helmholtz
Institute Ulm

Energy for mobility: different challenges and opportunities for different energy vectors

The vision of the Department of Energy

Enrico Tronconi

*"Process intensification: a key to synthetic
carbon-based fuels"*

Stefano Campanari

*"Hydrogen mobility and sector coupling
perspectives"*

Maurizio Delfanti

"Electric mobility: status and challenges"

www.energia.polimi.it

Organized by:
Alessandra Beretta, Andrea Casalegno, Federica
Foiadelli, Andrea Pola, Matteo Carmelo Romano
and Lia Tagliavini
