

2026 Winter Olympics: Dialogues between the city and the Alpine macro-region

September 30, 2024 – 17:00

Politecnico di Milano, Piazza Leonardo da Vinci 32
Aula Magna del Rettorato (Building 1, first floor)

The Milan Cortina 2026 Winter Olympics involve different sites within a complex macro-regional system: springing from Milan's metropolitan core and stretching across the mountain areas of Lombardy, Veneto, and Trentino-Alto Adige. This seminar draws on two recent books that focus, in particular, on the Milanese and Valtellina contexts: *Milan Cultural Mega-events* and *Beyond the 2026 Winter Olympic Games*, recently published by researchers from Politecnico di Milano's Department of Architecture and Urban Studies. Following a keynote speech by **Sven Daniel Wolfe** (ETH Zurich) addressing mega-event planning and sustainability, a panel of local administrators, experts, and scholars will discuss the current and future steps toward the 2026 Winter Olympics event and their urban and regional legacy.

The Planning, Potential, and Pitfalls of "Sustainable" Mega-events

Sven Daniel Wolfe
Lecturer, ETH Zurich

Round Table

Moderated by **Francesca Vigotti**

Assistant Professor of Architectural
Preservation, Politecnico di Milano

Samanta Antonioli

Deputy Major for the Olympics and Sport
Mega-events, Comune di Bormio

Matteo Basso

Assistant Professor of Urban Planning, IUAV

Marcello Rossi

National Council Member, CNAPPC

Giancarlo Tancredi

Deputy Major for Urban Regeneration,
Comune di Milano

Gloria Zavatta

Sustainability & Legacy Director,
Milano Cortina 2026 Foundation
